MUSIC WITH BRIAN AT THE GPL

CM Magazine gives BRIAN 4 stars out of 4! Resource Links national journal highly recommends BRIAN's debut CD Sing Sing Sing awarding it the highest accolade of "Excellent and Enduring!" Guelph's Rotary Ribfest says, "Brian was an incredible addition to Ribfest. He did an amazing job and the families loved his shows!"

What's all the hubbub about?! Music with BRIAN is an exciting, engaging and affordable performance that is fun for both children and adults alike. BRIAN has the children up and dancing during his fun and interactive shows that include songs that you know and love as well as original compositions that are receiving praise from educators, parents and most importantly, kids!

Brian is much more than a guitar player that sings, Brian introduces the children to the trumpet, saxophone, clarinet, flute, tin whistle, harmonica and hand-drum during every show. Through the use of magic, Brian entertains and educates the children using all of the instruments in his repertoire. "Brian is a sheer delight to both parents and children. His energy and style are contagious!" says Michelle McBride, *Special Events Coordinator, City of Kitchener.*

It's not just the instruments or the magic that have people excited about Brian's shows, it's the way Brian introduces the children to so many musical genres.

Music with BRIAN is a mosaic of styles consisting of folk, rock, the blues, Celtic, pop, jazz, rockabilly and country. Brenda Elliott, former MPP and President of Edward Johnson Music Foundation's Do Re Mi program says "Any adult or child who gets the opportunity to experience BRIAN's [show] will be enriched by his unique and refreshing approach!"

Brian, a tax accountant of 12 years, leapt from desk to stage and is wowing audiences one show at a time! He has worked closely with his wife Susan, a Psychological Associate with a Masters Degree in developmental psychology, to craft songs and performances that entertain, sustain attention and, above all else, are fun and exciting for young children. "A group of students reacted with great enthusiasm to an hour-long music workshop delivered Friday by Brian Morcombe..." *Guelph Tribune, Page 3, January 27, 2009.*
